DESCRIBE AN ACTION SCENE USING EXPANDED NOUN PHRASES

ALLEGRA

WHOOSH! Captain Marvel went tumbling through the air and crashed through three office buildings before taking control of her incredible flight once again. Unfortunately, General Zod was nowhere to be seen, he could sneak in and attack her any second and send her falling through the floor to the center of the equator. His muscles bulging with energy, Zod punched his way towards his nemesis prepared to put up a fight. Electricity coursing through her body, the captain's eyes scorched red and balls of electric blue formed around her hands. Clueless, Zod whirled his 360* round and round and when his head was turned the other way Captain Marvel shot an exploding energy ball into Zod's chest, then zoomed into his heart and back to her hands as quick as a lightning bolt coursing down to earth, it was over, she had won.

USE ALLEGRA'S ACTION SCENE TO CREATE AN ALTERNATE ENDING TO THE ACTION SCENE

AZAAN - But Captain Marvel had a few more lives left. She blasted him with full throated fireballs. He was no match for her newly found energy, he breathed his last.

SAIF- suddenly in the ashes zod created an amazing energy field with lasers. Explosions happened, he saw her fall, but was she really dead.

ANYA - Zod lay in his cave, trying to think how to defeat Marvel. When, like a lightbulb flash, he got the perfect idea. He blasted her into space in the middle of nowhere.

ALLEGRA - Although she didn't know it, Zod was both invincible and immortal. After falling to the ground and "dying" Zod crawled from the ashes, hidden from the thousands of citizens applauding the victorious Captain Marvel, clasped his hands together and focused all of his superhuman strength into them. Filled with anger and hate, he bashed them down on top of Captain Marvel's head and actually did send her crashing to the middle of the equator.
